

A Dance Nightclub Outing

Transcript

Heryka: One of the things that Eunji and I did, *(to Rebecca)* do you remember?--to celebrate... We got funding to develop this program, so we were very excited. Your mom wrote us a lovely letter of support and we got funding for ReVeAL Dance Creation. And in order to thank Rebecca and her family we invited them out to a dance club. So, we took them to Lula Lounge and we saw this amazing flamenco dance show.

(to Rebecca) I know you're a lover of dance and so am I, and we saw a beautiful flamenco show. And Rebecca--I was in Spain, last.... When did I go to Spain? In October of 2008. And I brought back a beautiful flamenco skirt that you wore.

And it was really quite an honour to see you come with that beautiful polka-dotted white and blue and red flamenco skirt. That was really great. And the dancer noticed her as well, and actually, she came to me. She was a bit intimidated to come to you at first, but wanted to let you know that she really appreciated you coming to her show. And then we danced the night away with a live Latin band. And Rebecca has definitely learned some new Salsa steps thanks to me. And I've also learned a lot about just dancing together with you and just knowing that, no matter what--if you can move a finger--you can still be a dancer.

(With thanks to Heryka Miranda and Rebecca Beayni)
