

Jean-Jacques Speaks About His Friends

Transcript

(English subtitles)

Jean-Jacques: In my area, they know me. Because I'm... There are even some girls and boys and even children... Everyone, they know me. I even have friends, I have many friends, girlfriends, I have many... And because I'm loved in my area, when they see me, they'll all say, 'Hello.' Everybody! I love the old people too. Old women, I love them too.
